

Annual Curbside Leaf Collection

Nov. 6 to Dec. 29

Participant Guidelines and Information

- ✓ Rake and pile leaves between the curb and sidewalk. If no sidewalk exists, pile leaves directly behind the curb. There will be no collection of leaves in the alleys.
- ✓ Don't rake or blow leaves into the street as this can be a hazard to traffic and is a violation of City Code. Additionally, placing leaves in the street may cause problems for our storm drainage systems.
- ✓ Don't park vehicles directly in front of or behind leaf piles, as this makes collection more difficult for our crews.
- ✓ You should have your leaves ready for collection on the first day of the schedule for your respective zone.
- ✓ There will only be one round of curbside leaf collection.
- ✓ If you are a city sanitation customer, you may place leaves in bags and set them next to your cart, but please don't mix any trash with the leaves. The leaves we collect, along with other yard waste materials are recycled into compost.
- ✓ For further information regarding leaf collection please contact the Public Works Department at (785) 309-5750.
